Please describe your expectations for parent communication from Wildflower teachers and administration. (i.e. I prefer an email once a week/day describing what the children are exploring. Or I want direct communication each week specifically about my child.)

If your child has attended preschool previously, please describe any negative experiences you had there (and hope to avoid at Wildflower).

Please describe any needs your child has that you hope we can help your family navigate. (i.e. sensory challenges, transition difficulties, particular fears)

How will your family manage a part-time preschool experience? (i.e. Does one parent stay at home with the children? Do you have a nanny? Do you plan to enroll in Belle Vie Farm's afternoon programs?)

What concerns, if any, arose during your Wildflower tour? Please feel free to share honestly and openly. We deeply value your perspective and take your thoughts and opinions seriously. We will not be offended!

Once complete, please email this form to Shelley@WildflowerLearningCommunity.org. If you have questions or would like additional information, we can schedule a second meeting.

Our one-time, per family (not per student) Enrollment Fee is \$500 and is non-refundable. This fee is due with your signed enrollment commitment.

This Application for Enrollment **does not** obligate you to enroll. It is part of the enrollment process but requires no payment or commitment. We take the enrollment process seriously and aim to provide families with as much time as possible to make this very important decision.

If you decide to enroll, we have one other fee due at the start of each school year. Our supply fee is \$250 per student. 100% of the supply fee fund goes toward purchasing

supplies for students throughout the school year. Supplies are purchased very intentionally and are aimed at supporting children's unique interests and inquiries throughout the school year.

The only other fee due throughout the year is tuition. Our relationship with Belle Vie Farm allows us to support our school and offer some scholarships without seeking additional funding from families. Please be prepared to share some of your families financial information with us if you are seeking scholarship funds. We want to ensure we are offering scholarships to families who are truly in need.
